

Productive Farming Future

Agriculture in a changing climate

FORUM

Leading scientists discuss how a changing climate will impact on the Northern Agricultural Region.

Hear the Bureau of Meteorology present the latest regional climate modelling.

Local farmers will also share their solutions and innovations for a changing climate.

Date: Wednesday 10 February 2016

Venue: Coorow District Hall

Time: 9.45am - 3.30pm

Free event

(morning tea and lunch provided)
