

# MAKING MORE FROM SHEEP

## High sheep production from low-input forage systems

**26th July – Merredin** Leisure Centre, Bates St

**27th July – Williams** Sports Pavilion, Cnr Pinjarra-Williams road and Albany Hwy

**28th July – Kojonup** Memorial Hall, Albany Hwy

**Entry \$20 | 9am - 3pm | BYO farm map**

Work through how to align your **sheep production targets** with feed supply

Find out what's involved in **establishing perennials shrubs and grasses**

Discuss **management options** to make sure you get the profit

Create a **personalised implementation and trial plan** for a patch on your own farm

Hear from farmers that are adopting these practices **Merredin Bonus** – what makes soils marginal and what can you do with them.

**Phil Barrett-Lennard**  
**Agvivo**  
Improve establishment and management of perennial grasses

**Dean Revell**  
**(Revell Science)**  
Filling feed gaps with perennials (and other innovative feeding systems)

**Rabo Bank**  
a banks perspective: financing a change to production systems
