Sustainable Agriculture in Practice

Winter Crop Walk 2016

Digging deeper! Liming, Nitrogen and MPCl

Thursday 14th July 2015, 1.00 pm – 5.00 pm

Meet at the Gillamii at 12.30 pm to be included on the bus!

- 1 pm at John Tuckett's property on Cranbrook Frankland Road to look at seed bed preparation and stubble management. Optima presentation on soil pH profiling, in paddock testing, and could lime be affecting slug damage?
- 2.45 pm at Steven Squires Property on South Nunijup Road to look at the Gillamii Soil Health Project working on minimising synthetic N by utilising chicken manures. Also wet season issues such as water logging and disease risk and how to address them.
- 4.30 pm at the Frankland Country Club to hear a presentation from Latevo Insurance about Multi Peril Crop Insurance and how income protection can maximise farm income and profitability.
- Finally networking over drinks and nibbles at the Frankland District Country Club.

For more information or to RSVP, contact the Gillamii Centre by 11th of July 2016 - \$25 non members and Free to members of The Gillamii Centre.
